"Ultimate Guide For Teaching Private Guitar Lessons! (A Guide For Guitar Teachers) The Complete Version" contains hundreds of tips for beginning private guitar teachers, private or group guitar lessons, in your own home or at the student's residence. I have taught private guitar lessons for over 30 years and my accumulative experience has served me well. I have played in popular bands as a singer/musician for over 1,500 nights and I have taught guitar to over 200 separate people. My experience covers all age groups from 5-80, beginning and advanced. These private guitar teaching tips work with acoustic or electric guitar, although I encourage new students to begin with acoustic guitars. There are literally hundreds of tips and pieces of advice in this book from a seasoned guitar player and teacher. It is a unique book among all teaching guitar books because of this approach. Most books in this field focus mainly on giving examples of scales, chord charts, samples of songs, etc. This book gives detailed advice on the following: relationships with your students, what to charge, how long your lessons should be, the setup and environment of where you teach, taxes and expenses, how to teach children and the elderly, dealing with problem students, group vs. private guitar lessons, and much more! I once worked for a publisher with London Records in Los Angeles as a singer/songwriter. This helped immensely in fine tuning my guitar playing skills, particularly the acoustic guitar, during my studio work.
