

Trichotillomania, Skin Picking, and Other Body-Focused Repetitive Behaviors (Paperback)

By Jon E. Grant, Dan J. Stein, Douglas W. Woods

American Psychiatric Association Publishing, United States, 2011. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Underestimated, under-researched, and often poorly understood, the body-focused repetitive disorders nevertheless cause human suffering that is serious, persistent, and pervasive. These disorders can occur in both adults and children and manifest themselves as hair pulling (trichotillomania), pathologic skin picking, thumb sucking, and nail biting. Although these disorders are common, very few medical students and residents hear them addressed in lectures or know where to begin when confronted with a patient presenting with these behaviors. Trichotillomania, Skin Picking, and Other Body-Focused Repetitive Behaviors seeks to remedy this situation by synthesizing the latest research on body-focused repetitive disorders and presenting it in a systematic, easy-to-grasp manner. Much has changed in the more than a decade since the last book on this topic was published. This new volume reflects the most current and substantive research into the etiology and symptoms of body-focused repetitive disorders and therapeutic options. Organized in logical fashion, it begins with a review of the clinical characteristics, moves on to diagnosis and evaluation, and concludes with a full review of treatment options. Special features include: Extensive material to help...
