MEDICINAL PLANTS

2013. Hardcover. Book Condition: New. 260 pages. English India is very rich in biodiversity, housing, around 6-12 per cent of world's total species of plants. This mega-diversity is intricately related to the socio-cultural practices of the country. This book makes an in-depth study of the market potential of medicinal plants in India. Outlining the need of medicinal plants, it describes in detail types and importance of plants of medicinal and aromatic significance. Taking a close look at the consumer behaviour...

Reviews

This pdf is really gripping and exciting. It is filled with wisdom and knowledge You are going to like the way the author create this publication.

-- **Ransom Sawayn**

This ebook is great. It is definitely basic but shocks from the 50 percent of your publication. Its been printed in an exceedingly basic way and it is only right after i finished reading this book where basically changed me, modify the way in my opinion.

-- **Mckayla Ritchie**

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
