ATLAN, ZEITABENTEUEUR - WOLKEN DES TODES, 2 MP3-CDs

Eins A Medien Mai 2011, 2011. Audio-CD. Book Condition: Neu. 142x125x10 mm. Neuware - High Quality Content by WIKIPEDIA articles! The Ethiopian wolf, also known as the Abyssinian wolf, Abyssinian fox, red jackal, Simien fox, or Simien jackal is a canid native to Africa. The numerous names reflect previous uncertainty about its taxonomic position, but it is now thought to be related to the wolves of the genus *Canis* rather than the foxes it superficially resembles. The Ethiopian wolf is found in the Afro-alpine regions of Ethiopia, about 10,000 feet (3,000 m) above sea level and is the top predator of the ecosystem. It is the most endangered canid, with only about seven populations remaining, totalling roughly 550 adults. The largest population is found in the Bale Mountains in southern Ethiopia, although there are also smaller populations in the Semien Mountains in the north of the country, and in a few other areas. Claudio Sillero-Zubiri at the University of Oxford is the zoologist most closely associated with efforts to save this species of wolf, particularly with his work for an oral rabies vaccine to protect them from the disease passed from local dogs. His work is supported by the Born Free Foundation. Deutsch.
